

CRYSTA-LID_{PP}

Film dedicated for the production of packaging such as:

- lidding film

100 % recyclability
– confirmed by a certificate

Example of use CRYSTA-LID PP film

Meat

Cheese

Fish

Fruits
and vegetables

KEEP IT FRESH.

CRYSTA-LID_{PP}

Perfect protection
of the packaged food

100% recyclable

Excellent barrier properties

100% PP based
– with PP tray full recyclability

Great sealable properties

A multitude of applications
in food packaging

Absolutely safe for the consumer,
meets the requirements of EU Directives

Significant extension of the shelf life
